Tenable CISSP Scale Up Certification Program

Program Components:
-InfoSec Institute Certified Informations Systems Security Professional (CISSP) online self-paced training modules
-13 weekly instructor-led sessions

The Cyversity/Tenable Scale Up CISSP training certification course is an intensive online training program with instructor-led sessions (hybrid) designed to help participants pass the CISSP exam to obtain this highly regarded certification in cybersecurity. The course provides comprehensive coverage in the eight CISSP domains:
-Domain 1: Security and Risk Management
-Domain 2: Asset Security
-Domain 3: Security Architecture and Engineering
-Domain 4: Communication and Network Security
-Domain 5: Identity and Access Management (IAM)
-Domain 6: Security Assessment Testing
-Domain 7: Security Operations
-Domain 8: Software Development Security

Training and development for roles in information technology often involve certification programs. Cyversity has formed strategic partnerships to offer free or steeply discounted professional training to Cyversity members.

Please select the relevant program from the Category dropdown menu below to begin your application.

Applicant's Full Name

[   ]

There will be 13 real-time, instructor-led sessions held weekly, beginning Friday, October 25 through February 7, 7:00-8:00 pm EST / 4:00-5:00 pm PST, omitting the weeks of Thanksgiving and Christmas.
Your participation in these sessions is crucial to success in the program. Missing more than two sessions will result in dismissal from the program. Can you commit to this timeline?

☐ Yes

☐ No

Do you have at least five years experience working a cybersecurity role?

☐ Yes

☐ No

If yes, please list positions here (optional)

[   ]

Are you a Cyversity member?

Membership in Cyversity is required and will be confirmed before recipients are selected.
